

Pasco County Title 1 School Level
Parent and Family Engagement Plan 2019-2020

Wendell Krinn Technical High School

Each Title I school shall jointly develop with parents and family members of participating children, a written plan that shall describe how the school will carry out the requirements mentioned below. Parents shall be notified of the plan in an understandable and uniform format and, to the extent practical, provided in a language the parents can understand. The school plan must be made available to the local community and updated and agreed on by parents periodically to meet the changing needs of parents and the school.

School's vision for engaging families:

We believe in the importance of a partnership between home and school for the education of our students. We will maintain open communication with newsletters, planners, phone calls, streaming informational videos and parent/teacher conferences. We will attempt to communicate in a language parents can understand and make parents more aware of the services offered by the Florida Parent Information and Resource Center. Parents and other family members are encouraged to participate through family events, volunteering and mentoring. By working together, we will make a difference in the lives of our students.

What is Required:

Assurances: We will:

- Involve an adequate representation of parents, or establish a parent advisory board to represent families, in developing and evaluating the "School Parent and Family Engagement Plan" that describes how the school will carry out its required family engagement activities.
- Hold an annual meeting for families to explain the Title I program and the rights of parents to be involved. Offer other meetings/workshops at flexible times.
- Use a portion of Title I funds to support parent and family engagement and involve parents in deciding how these funds are to be used.
- Involve parents in the planning, review, and improvement of the Title I program.
- Develop a school-parent compact that outlines how parents, students, and school staff will share the responsibility for improving student achievement and describes how parents and teachers will communicate.
- Offer assistance to parents in understanding the education system and the state standards, and how to support their children's achievement.
- Provide materials and training to help parents support their child's learning at home. Educate teachers and other school staff, including school leaders, on how to engage families effectively.
- Coordinate with other federal and state programs, including preschool programs.
- Provide information in a format and language parents can understand and offer information in other languages as feasible.

		Assessment Proficiency/Growth Rates						the information they need to help ensure students work toward their academic goals at home.
Other Activities	Parent Night	Increased Post-Secondary Enrollment Rates	TBD		X	X	X	Parents will learn more information about post-secondary education institution admission requirements and about how to apply for financial aid and scholarship opportunities.
Explain how parents are provided information regarding the curriculum, achievement levels, progress monitoring and assessments.			Parents are provided information regarding curriculum, achievement levels, course/program of study options, graduation requirements, financial aid/scholarship opportunities, post-secondary enrollment requirements as part of presentations and handouts disseminated at advertised parent night events. This year these presentations will be recorded on video and posted online, along with accompanying handouts, on the school's website.					
How will workshops/events be evaluated? How will the needs of parents be assessed to plan future events?			Participating parents who provide their email addresses will receive links to online surveys designed to evaluate the effectiveness of our parent and family engagement events and to assess parents' needs.					
Describe how the needs of parents/families who speak a language other than English will be met at workshops/events.			Wendell Krinn Technical High School is fortunate to employ many staff who are bilingual and who speak a variety of world languages including: Spanish, French, Farsi, Bosnian, and ASL. These staff will be available to translate speech and documents at planned parent universities and other events. In the event that a member of staff cannot translate information for parents, we will seek support from the district to translate information.					
What are the barriers for parents to attend workshops/events and how do you overcome these?			Primary barriers are time, transportation, child-care and poverty. Events will be held at convenient times; presentations will be videotaped and posted online. A school extracurricular organization will provide free child care, and the principal will use discretionary funds to purchase low-cost meals for families that attend.					
How are flexible dates and times for meetings, events and/or workshops offered? (Give examples)			Due to schedule and staffing barriers, WKTHS can only plan/host evening meetings. These meetings are always scheduled to begin after 6 p.m., thus making it easier for most working parents to attend. This year we will video record all presentations and post them online, along with accompanying handouts, so parent who cannot attend these events can have access to the same information as parents who attended at any time. Computers with internet access will be available in our Student Services Center for those parents/family members who do not have computer or internet access.					
How are the needs of parents with disabilities accommodated to ensure they have access to meetings, workshops, and/or events?			WKTHS' facilities are fully ADA compliant. There are no barriers for parents with disabilities to participate in any parent and family engagement event.					

**These events should be included on the Data Collection Sheet for School Events.*

7. Utilize strategies to ensure meaningful Communication

Describe the methods that will be used to ensure meaningful, ongoing communication between home and school	WKTHS faculty, staff and administrators will use a variety of media/methods to maintain exceptional communication with parents and families. First, WKTHS acknowledges the effectiveness of proactive, face-to-face communication. As such, WKTHS' administrative and leadership teams are implementing improved procedures to require teachers to call parents/families to address academic performance and behavioral concerns more frequently and to increase opportunities for face-to-face parent/teacher conferences. In addition, WKTHS will continue to send letters in the mail, use the auto-dialer system weekly to inform parents of upcoming events, maintain our website, post information on social media, use Remind app functions, publish e-newsletters and update/use
