

KTech 2019-2020 SIP at a Glance

Goal #1 - Project Based Learning & Technology Integration (High Impact Instruction)

Increased student achievement and engagement through implementation of blended technologies and project based learning activities school-wide.

Goal #2 - Multi-Tiered Systems of Student Support (Data-Focused Decisions/Collaborative Culture)

Increased student achievement and engagement through implementation of improved systems, processes, and procedures to reinforce provision of differentiated academic and socio-emotional supports for targeted students.

Goal #3 - Stakeholder Communication & Engagement (Collaborative Culture)

Improved dissemination of relevant information, responsiveness to stakeholders' expressed concerns, and community/business partnerships through implementation of enhanced forums for collaboration and communications systems, processes, and procedures.
