

Parent Bill of Rights Consent

The required Parents' Bill of Rights acknowledgements and consent are viewable for completion in the myStudent Parent Portal. Due to the multiple types of services available, the parent has fundamental rights to make informed, individual and specific consent decisions that best supports the child.

As parents/guardians sign into their parent portal, for the 1st time each school year, they will be prompted to acknowledge their Parent and Legal Notices.

Once the acknowledgment is complete, the parent enters the myStudent Parent Portal and will be prompted to complete the Pending Forms for each child.

Important: Both the Parent/Guardian Consent Form and Emergency Information Cards are available for updating throughout the school year. For more information regarding Emergency Information Cards, please click [Here](#).

Parent Bill of Rights Consent

Page 1 – Information regarding Parent/Guardian Rights

Pasco County Schools joins the Florida Legislature in recognizing that it is a fundamental right of parents to direct the upbringing, education, and care of their minor children.

Parent/Guardian Rights 2022-2023

Because there are multiple kinds of services available, the Parent Portal permits you, as a parent with fundamental rights under Florida's Parent's Bill of Rights, to make informed, individualized, and specific consent decisions that best support both your child and your parenting decisions.

Please be advised that by providing consent to healthcare or other services you are not waiving your rights to access any records that Pasco County Schools may possess regarding your child. Pasco County Schools protects parental rights by abiding by and enforcing Section 1002.22, Florida Statutes, as well as the Family Educational Rights and Privacy Act (FERPA) with regards to a student's records. Please be advised that to the extent that your child is educated through the utilization of an individualized education plan (IEP) or Section 504 Plan, then the specific written consent(s) you have provided during the IEP or Section 504 planning, or evaluation process will control and take precedence over any consent parameters set forth in this Online Consent Notification System. If you are not in agreement with the consents and/or services or evaluations provided to your child under their IEP or Section 504 planning or evaluation process, please contact their school to schedule a team meeting to discuss the same and otherwise avail yourself of the rights afforded to you under the IDEA and Section 504 of the Rehabilitation Act of 1973.

To learn more about the healthcare and other services that are available to your child, and to make your informed decision as to whether you will be consenting to the provision of those services, please take a moment to carefully read the information below and complete the consent questions beginning on the next page of this form before entry to your Parent Portal.

Page 7 – Media Release Consent: A Yes or No response required

Media Release Consent

The District School Board of Pasco County (DSBPC, the District) strives to celebrate the accomplishments of its students by sharing information with the community. To do this, the District may submit press releases to local media (newspapers, radio, television, online news blogs) that include student names, student work, student photographs, and video and/or voice recordings.

In addition, the District may choose to publish and/or display this information in District-sponsored publications, at various school or public functions, on the District's local cable channel, website(s) and various social media channels, or in the school yearbook. While the intent of this practice is to be informative and celebratory, the District recognizes that concerns may arise regarding a student's right to privacy.

Pursuant to the Federal Family Educational Rights and Privacy Act (FERPA), school districts are permitted to release "school directory information" unless parents exercise their right of refusal. Under the FERPA law, this information could include: student name, residential address, e-mail address, phone numbers, photographs/images, school locations, field of study, degrees, honors and awards received and participation in athletics and other activities.

It is the intent and practice of the School District to publish, post, or release ONLY a child's name, photograph, audio and/or video recording, displays of student work or other school-related information and ONLY as related to student achievement (e.g. academic/athletic recognition or award) or student accomplishment (e.g. a specially selected piece of work).

If you agree to allow the DSBPC to publish and/or display such information about your student for non-commercial purposes and without cost, indicate yes below.

If you DO NOT grant permission for the District to release your child's name, photograph, schoolwork and/or video or voice recording in the manner stated above, you must indicate no. A no is considered valid for one (1) school year.

By selecting No on this form, I formally state that I DO NOT grant permission to the District School Board of Pasco County to release my child's name, photograph, audio and/or video recording, or displays of work to the media; to publish information about my child's accomplishments or achievements in District-sponsored publications; or to display such information on the District's local cable channel, website(s), various social media channels, in the school yearbook, or at school or public functions during the current school year.

For additional info visit: [Parents' Bill of Rights](#)

► By selecting Yes below, I am granting permission for the District School Board of Pasco County to publish and/or display my child's information only as stated above for non-commercial purposes and without cost.
